

MLLG-YA-LED-PT-150-CC

120 / 135 / 150 Watt Adjustable LED Post Top Light

Project Name _____

DETAILS

LED Post Top Lights are powerful pole-mounted fixtures that provide down lighting. The poles they are mounted on tend to be less than 20 feet high. These lights are common for providing lighting in areas like pathways and parks. These lights represent a large upgrade over metal halide and high-pressure sodium providing an energy-efficient and high-quality light source. You can equip some post top lights with a photocell for true dusk-to-dawn operations. We also have color adjustable and wattage adjustable.
