

LLS-G-HVLS-FAN-20FT-5B

20 Foot HVLS Ceiling Fan

Project Name _____

DETAILS

HVLS fans (High Volume Low Speed) are powerful, high-quality ceiling-mounted fans that reduce humidity, regulate air temperatures, and enhance air quality. High-volume low-speed ceiling fans spin much slower while moving large volumes of air rapidly in enclosed areas. Our selection of HVLS fans includes tapered, longer-blade fans available in diameters up to 24 feet. The tapered, long blade engineering makes the elongated blades gradually thinner toward the end, equipping them with the ability to provide more consistent airflow by moving larger pockets of air.

✔ Nearly Silent Decibal Levels ✔ Maximum Airflow ✔ Mechanical 15 years | Electrical 5-year warranty

OVERVIEW

SKU	LLS-G-HVLS-FAN-20FT-5B
Voltage	208V-240V
Blade Diameter	20 ft
Fan Speed	Variable
ANSI Class	
Fan Phase	1P
Fan Color	Black Silver
Fan Blade Material	Aluminum
Fan Blades	5
Warranty	Mechanical 15 years Electrical 5-year warranty
